

Dear Friends of St. Luke,

St. Luke Parish is preparing for the future.

Our financial planning analysis has determined that we need to generate a new source of income in the next five years to address the rising costs of our primary mission as a church — to teach the Gospel of Jesus Christ.

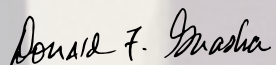

To address this issue, we have decided to create the St. Luke Parish Educational Endowment Fund. This fund will be established through individual and corporate gifts/pledges over a period of five years with the goal of creating a \$1,000,000 endowment fund. An endowment board of trustees composed of St. Luke parishioners will administer the fund. The interest income generated by the fund will be used exclusively for St. Luke Parish educational programs.

Each parishioner is asked to prayerfully consider to commit to a gift/pledge over the five-year period of the campaign. While every parishioner is unique, the St. Luke Parish Endowment Campaign Cabinet has determined that with your commitment and support, we will achieve our goal of \$1,000,000.

Our Endowment Campaign theme is Sharing the Legacy, and it speaks volumes. Each of us has been given the gift of our faith which has been nurtured by educational programs in our parish. The Sharing the Legacy campaign is our opportunity to pass on these gifts to a new generation.

Thank you for all you do for St. Luke Parish.

Gratefully yours,

Fr. Don Grasha
