

ST. LUKE PARISH EDUCATIONAL ENDOWMENT CAMPAIGN

*Does St. Luke Parish need an Endowment?*

- The parish and school regular income is currently sufficient to meet present general operating costs. However, our financial planning projects that future ordinary income will not increase as rapidly as future cost increases.
- There are no funds for future major maintenance.
- There are 135 endowments in the Archdiocese of Los Angeles. Most of these endowments provide interest income that helps parishes meet their needs.
- Without an endowment, tuition and fund raising will need to rise significantly. Lack of income could limit access to a Catholic education for many of our parish children.
